WEL BANK DIVIDEND TO BE PAID IN NOVEMBER

Fifth Dividend of Defunct Bank
Will Be 10 Per Cent of
Sum Unpaid

A dividend of approximately \$70,000, or about 10 per cent of the balance, will be paid to the depositors of the defunct bank, it was announced today.

The bank will not be 10 per cent of the balance of the indebtedness of the bank, as erroneously reported, but only 10 per cent of the sum unpaid.

A few days ago Judge Pendleton, of the superior court, asked counsel of the members of the bank to prepare a statement of the condition of the bank.

The judge then said that he would issue an order in October for the payment of the dividend in November.

After this dividend is paid, there will still be due \$750,000 to the depositors, of whom there are 2,000 who have been suspended in the fall of 1907.

Dr. Cheney's romance began about two years ago. It is said, when Mrs. Sealey was about to sail for Europe on one of her frequent tours to the old continent. A continued correspondence led to the engagement. The date of the wedding has not yet been announced.

Dr. Cheney is a member of a highly esteemed Georgia family and is related to many prominent residents of this state. For a number of years he was a resident of Atlanta, and for about five years during his younger manhood he was a clerk in the clothing store of Hirsch Brothers on Whitehall street. Some five years ago he made Los Angeles his home. He is an honor graduate in ophthalmology.

An estate valued approximately at \$1,500,000 was bequeathed upon the death of his father, Dr. H. E. Cheney, to him, for division among his five children and his wife. The estate was to be divided until the youngest at the age of majority. Recently the youngest became twenty-one years old and eloped immediately with a society girl of Los Angeles.

They are now in the east on their wedding trip. Mrs. Sealey's share of the estate is said to be somewhat more than \$1,000,000. She has been here since she settled upon Dr. Cheney at their betrothal, the sum of \$15,000. She is said to have answered, when asked about the rumor, "If I loved a man well enough to marry him, I'd have no hesitation in dividing at least half of my fortune with him."

MEAT PROBE CONTINUES ON TUESDAY NEXT WEEK

Five Dealers Accused of Selling
Decayed Meats Will Be Arraigned Then

On Tuesday there will be another pure food hearing before Commissioner of Agriculture Price, and some five offenders against the laws will be on the carpet for a preliminary hearing. They are charged by the state inspectors with selling spoiled or unwholesome meats. One of them is a negro who conducts a meat market in Montezuma.

The others are Savannah market men. "The inspectors had to throw all the meat out of that negro's refrigerator some time ago," said Mr. Price, Wednesday. "Yesterday they went there and found the refrigerator full of rotten meat once more. Now we're going to put the law to him. We don't mind warning folks once and giving them a chance to get right with the law, but we are not going to stand for deliberate violation by anybody, white or black."

The commissioner said that one of his friends prodded him in a letter the other day with the charge that he was doing all of this good work for pure foods in the big cities and was neglecting the small towns.

"I told him we are getting around as fast as we can," said Mr. Price. "Our force of inspectors is mighty limited, for the field we have to cover. We are going to make the whole round and get things in good shape before we even slow down. This office is a state office and it doesn't work in one county any more than it does in another."

**CAPT. CRAWFORD VISITS
G. M. A. WITH UPSHAW**
Captain Jack Crawford and William D. Upshaw were the guests of the Georgia Military academy, College Park, at chapel Wednesday morning. Mr. Upshaw

waived his time in favor of the picturesque visitor from the "wild and fuzzy west" and for nearly an hour "Captain Jack" entertained the boys and their breezy stories of western life and the recitation of his own poems.

Colonel F. C. Woodward, president of G. M. A., is planning to bring his students to the lecture-entertainment to be given at the Baptist Tabernacle Friday night under the auspices of the Civil League of America. The exercises will be varied. Mr. Upshaw giving an "abridged edition" of his lecture, "John and His Hat."

ALL PUBLIC ELEVATORS ARE COMMON CARRIERS

That elevators in public buildings are common carriers and therefore are required to exercise the same extraordinary diligence in care of passengers as railroads are required to use, is the decision of the state court of appeals upon a case from Savannah.

T. E. Helmy, an employee of the Savannah Office Building company, was hurt in attempting to enter one of the company's elevators, and sued in the city court of Savannah for damages.

The judge's charge was that the company was a common carrier, though the defendants maintained that their responsibility was merely that of landlord and that no more than ordinary care could be expected of them. The jury returned a verdict of \$7,500 for Helmy. The office building company moved for a new trial, taking exception to the judge's charge.

The court of appeals upholds the judge's charge and grants the new trial, believing with him that the verdict was excessive.

The increased rental which office building owners receive because of the elevator service they maintain, says the court of appeals, is the equivalent of fare which other common carriers charge for their passengers.

**FRUIT LAXATIVE IF COSTIVE, BILIOUS,
HEADACHY--"CALIFORNIA SYRUP OF FIGS"**

Best liver and bowel regulator
for mamma, daddy and
children

If you're headachy, constipated, bilious or stomach is disordered and you want to enjoy the autumn liver and bowel cleansing you ever experienced, take a tablespoonful of "California Syrup of Figs" tonight and in the morning all the constipation, bilious, and clogged-up waste will gently move out of the system without pain, and you will feel splendid.

Every member of the family should use this fruit laxative as occasion demands. It is just as effective for grandpa as it is for baby. It simply cannot injure. Even cross, sick, nervous children just love its pleasant taste and mothers can rest easy after giving it, because it never fails to effect a good "inside cleansing."

For thirty years "California Syrup of Figs" has been recommended by physicians as the ideal stomach, liver and bowel cleanser. Millions of families who are well informed use nothing else, but recently there has come a flood of spurious fig syrups, so we warn the public to ask plainly at drug stores for a 50 cent bottle of "California Syrup of Figs" and one that is prepared by "California Fig Syrup Company." We make no cheaper stand-back any "counterfeit" with contempt.

OUR ASTROLOGER

"The stars influence, but do not compel."

HOROSCOPE.

WEDNESDAY, SEPT. 24, 1913.

Light in the Sky

From Far Away.

Astrologers find this day in which the planets are so expected that there is no powerful away. While Jupiter exercises unfriendly influence early in the morning, there is no special guidance during business hours, except from Saturn, the planet which so often holds ill for the affairs of men. On this date, however, Saturn is in a position held to be fortunate.

The configuration is believed to be especially favorable for all who devote to the earth. Minors, agriculturists and builders should benefit from conditions which are unusually promising. There is a sign which presages success for organization. New corporations are under an auspicious government.

Saturn is in a place tending to encourage stability and consecutive action. The day is auspicious for dealing with all the forms of nature. Engineering, metallurgy and chemistry offer fair promise of success for those who study the sciences.

The aspect favors the attainment of positions of trust and responsibility. Those who begin new enterprises under the conditions prevailing today have the hazard of generous returns after rather slow progress.

There is an indication of earthquakes and violent storms. Those who travel by sea are warned against accidents.

Inter Se Club Entertained

Miss Charlotte McClain was hostess at a dancing party Tuesday evening, in compliment to the members of the Inter Se club.

The guests were Miss Minnie Wood, Miss Ruth Bass, Miss Lela Carroll, Miss Theodora Andrews, Miss Mary Anderson, Miss Claire Booth, Miss Sadie Bell, Miss Virginia Starnard, Miss Leone McClain, Mr. Harry Morris, Mr. Howland Smith, Mr. Gordon Freeman, Mr. Archie Freeman, Mr. Mercer Lee, Mr. Ernest Allen, Mr. Cliff Brown, Mr. Bob Ledbetter, Mr. Vern Withers, Mr. Clyde Withers, Mr. Forrest Carroll and Mr. and Mrs. L. R. Root.

To Sunday School Class

Mr. W. A. Loundsberry entertained his Sunday school class of the First Methodist church Tuesday evening in the banquet hall of the Hotel Audley. Covers were laid for seventy-five.

Several delightful tables were made by the various members of the class.

A Little Editorial in Which We Acquaint the Public---Our Friends, With a Few Facts About

The New Store

Store Policy and Service Simply Told

Voltaire spoke of those who "employ speech only to conceal their thoughts." There are enough plain, brief words in common use to describe anything, provided the speaker understands his subject.

There is nothing you should not, or may not, know about our methods of store keeping, and we will eliminate all commercial technique and tell you in plain, simple words something about the store, its policy, its service, its equipment; a subject which we believe we know thoroughly.

The Store Is New

It is notable for almost every kind of newness.

It is new in vastness.
It is new in construction.
It is new in safeties.
It is new in conveniences.
It is new in sanitation.
It is new in ventilation.
It is new in hospitalities.
It is new in methods.
It is new in advantages.
It is new in assortments.
It is new in daily changes.

And it takes care to do its work full well, that it may stand high by what it does, as well as by its great, new building.

The Higher a Man's Ideals

—or the broader the man's pattern, the more will he have it in his power to gain success.

If he is little and narrow and reasons things downward, he is likely to find himself on swampy ground.

Always reason up if you wish to reach the higher levels of vision and strength.

If we had reasoned down and built this store to our own private convenience, and if we served the public the way it was easiest for us, we could never have been anything more than "one of the downtown shops."

The building is now just what we would have it. It is so because in planning it we thought of what it ought to be for the public.

A place where we can operate in a broad way—a mutually beneficial way—our principles of store keeping.

The Principles of a Few Decades Ago

Do you remember the old-time baseball playing?—when the pitcher met the batter's request for high or low ball?

The old-time store asked for favors!—and the old-time merchant had scunter standing in the community. Did he serve as stores serve now?

Would you be willing to go back to the standards of store service that prevailed when the principle that ruled the world of business was—"let the buyer beware?"

When a merchant quoted a price he made it high enough to stand almost unlimited whittling, and yet be profitable—to him. When he spoke of quality, his fingers were crossed; you were not expected to believe him, unless you wanted to very badly.

Buying was a haggle—unless you were a hardened haggler, you came out second best in every deal. There was no confidence between buyer and seller.

We want you to come and get your share of the benefits the new store affords.

We want you to come and get your share of the benefits the new store affords.

The Foundation of Business Is Confidence

We do not lock our confidence in the safe. We deposit it in turn with the wholesaler, who passes it on to the manufacturer. And the manufacturer, to make the circle complete, must give confidence to the consumer.

Business, once an aggregation of deals, with us has become the living embodiment of ideals.

It is absolutely necessary for us to enjoy the confidence of our customers.

We know this, and we are doing everything that is humanly possible to gain your confidence.

We sell no goods that are not absolutely dependable.

We stand back of everything we sell, and our interest in the matter does not end until the sale is perfectly satisfactory to you.

This is a fixed policy of our business: First, because it is right; and secondly, because it pays—for you and for us.

In other words, the principle of utmost value-giving against the old method of getting all one could in the way of profits.

Good Merchandise—Its Relation to This Store

Emerson says the true test of government is the kind of men it produces.

We say the true test of a store is the kind of merchandise it affords.

There is no royal road to perfect store keeping; neither luck nor accident can bring it to pass.

Let it only be proven to the people that your goods are right and the savings real, and the rest will take care of itself.

Money talks; so does merit in merchandise.

The merchandise we have sold in the past has been talking for us; the money that people have saved on special values we have afforded them has been talking for us. We do not hope to talk more convincingly.

It is hardly possible that any other store could have learned, better than we, how good merchandise, fairly priced, can make business grow.

We are frank to say we have learned this to our profit.

For it is the merchandise which we have sold in the past that changed the little three-story building into one of the greatest stores in the South. It must have been pretty good, to say the least of it.

And in the future we are going to do all we can to impress you with the merchandise merits and the business ideals that have made the new store possible.

Service---The Study Of People's Wants

This store is built upon pre-conceived models. Years of effort and patient endeavor have proved a system of public service in collecting and distributing the best of merchandise. The organization has passed its time of stiffness and hard movement, and today it is well poised in the strength, power and smoothness of motion to do good service to the general public.
